Sport & Leisure

In the sport and leisure industry, you've got to be prepared for the unexpected. With over 15 million adults actively participating in sport each week in the UK, it has never been more important to protect those participants as well as those who help them achieve their sporting goals.

We're backed by a team of specialist underwriters who have the answers for all types of personnel and organisations, from a National Governing Body in Sport, through to an individual athlete.

Their experience and technical know-how allow us to design bespoke cover fitted to each risk. We can combine covers, from liability and property to terrorism, and bundle them to suit whatever our clients need.

Wide ranging appetite

We insure a wide spectrum of events and activities, large and small, from education to entertainment. Here's a snapshot of the risks we cover:

- Sport – tournaments and events, education and development, venues and facilities, governance and participation
- Leisure – adventure activities, amusement caterers, charities, health and lifestyle operators, events, and public attractions

Flexible cover options

We design flexible cover that fits the risk. We can offer any of the following covers in a single or combined tailored package to meet client needs:

- Liability – including public, products, employer's, Directors' & Officers' and Professional Indemnity
- Property – including material damage, theft, money and assault, interruption, loss of licence and fidelity
- Personal Accident – including permanent and temporary disability, accidental death, loss of earnings and medical expenses

Product Highlights

- Liability indemnity limits up to £10m
- Sports equipment up to £10,000
- Personal Accident benefits up to £30,000
- Combined premiums from as little as £50
- Short period and annual cover available
